Introduction 1
Overview and welcome 1
Background on E/M changes 2
E/M utilization trends 3
Projected 2022 E/M office visit payment rates 4
Summary of changes 5
E/M code descriptions and reporting requirements, 2022 5

Section I: 2022 Documentation and Coding Guidelines 7

Make Sense of Medical Decision-Making 9
What is medical decision-making and why is it so important? 9
2021 MDM update streamlines reporting 9
The 3 columns – what they mean and how to use them 10
Number and complexity of problems addressed: Definitions 10
A closer look at the 4 levels of problems addressed 11
Amount and complexity of data to be reviewed and analyzed 12
Data analysis: A closer look 13
Clinicians have flexibility when counting tests for Category I 14
How to count appropriate sources, independent historians 16
Appropriate source or independent historian? 18
Risk of complications and/or morbidity or mortality of patient management 19
Take the new guidelines out for a spin 21
In summary 22
MDM frequently asked questions 22
Time-based Coding for E/M Office Visits 27
Count time on the day of the visit 27

Time in the office and other settings 28
Activities that count toward time 28
Never count these activities toward time 29
How to calculate time 30
Split or shared time: When two practitioners see the patient 32
Set terms and times for documentation 32
Time-based coding FAQs 33
Prolonged Services 35
Introduction 35
Understand times, thresholds 36
99417 and G2212 — When Level 5 office visits max out on time 36
Calculating time: CPT vs. CMS 36
99415-99416 — When supervised clinical staff perform the service 38
99354-99355 — Office visits excluded 39
99358-99359 — When the office visit and prolonged service are different days 40

Section II: Monitor High-Risk Areas 41

Address E/M Compliance Risks 43
General risks 43
MDM-based coding 44
Time-based coding and prolonged services 45
Updates in the 2022 fee schedule 47
Limits on teaching physicians 47
Hints about 2023 48

Section III: 2022 E/M Office Visit Coding Scenarios 49

How to Use the Coding Scenarios 51
Key tip 51
Definitions of typical medical abbreviations found in the following office notes 52
Medical Decision-Making Coding Scenarios 53
99202 55
Scenario #1: 99202—Left knee pain 55
Scenario #2: 99202—New concern about a lesion 57
Scenario #3: 99202—Family risk factors for heart disease 59

Scenario #4: 99202—Right foot pain 61
Scenario #5: 99202—Tick bite 63
99203 65
Scenario #6: 99203—Bump on left elbow 65
Scenario #7: 99203—Right leg wound 67
Scenario #8: 99203—Abscess on left breast 69
Scenario #9: 99203—Vaginal discharge, vulvar itching, vaginal odor 70
Scenario #10: 99203—Forehead pain, green nasal discharge and fever 72
99204 75
Scenario #11: 99204—Relocation and establishment of care plan 75
Scenario #12: 99204—Chest pain 77
Scenario #13: 99204—Referral for newly diagnosed right breast cancer 80
Scenario #14: 99204—Left knee pain 82
Scenario #15: 99204—New concern about prostate cancer 84
99205 87
Scenario #16: 99205—Memory loss 87
Scenario #17: 99205—Follow up of stroke 89
Scenario #18: 99205—New concern about a lymphocytosis and anemia 92
Scenario #19: 99205—Newly diagnosed stage III colon cancer 95
Scenario #20: 99205—Complex pediatric patient 98
99211 101
Scenario #21: 99211—Suture removal 101
Scenario #22: 99211—Blood pressure check 102
Scenario #23: 99211—Dressing change 103
Scenario #24: 99211—Urinary tract infection 104
Scenario #25: 99211—Doctor's note to OK return to daycare 106
99212 107
Scenario #26: 99212—Diaper rash 107
Scenario #27: 99212—Skin lesion on shoulder 109
Scenario #28: 99212—Sore throat 111
Scenario #29: 99212—Otitis media follow up 113
Scenario #30: 99212—Skin rash on arm 114

99213 117
Scenario #31: 99213—Strep throat 117
Scenario #32: 99213—Acute upper respiratory infection 119
Scenario #33: 99213—Hemorrhoid follow up 121
Scenario #34: 99213—Repeat bacterial vaginitis 123
Scenario #35: 99213—Pediatric GI virus 124
99214 127
Scenario #36: 99214—Dyspnea 127
Scenario #37: 99214—Multiple stable chronic illnesses follow up 129
Scenario #38: 99214—CKD and HTN follow up 131
Scenario #39: 99214—Left wrist fracture 133
Scenario #40: 99214—Viral pneumonia 135
99215 137
Scenario #41: 99215—End-stage renal disease 137
Scenario #42: 99215—Aplastic anemia 140
Scenario #43: 99215—Myocardial infarction 142
Scenario #44: 99215—Multiple sclerosis 144
Scenario #45: 99215—Metastatic breast cancer 148
Time-based Coding Scenarios 151
99202 153
Scenario #46: 99202—Right foot pain 153
Scenario #47: 99202—Pain in forehead, green nasal discharge and fever 155
99203 157
Scenario #48: 99203—Family risk factors for heart disease 157
Scenario #49: 99203—Lesion on shoulder 159
99204 161
Scenario #50: 99204—Spells of loss of consciousness 161
99205 165
Scenario #51: 99205 and add-on code 99417—Newly diagnosed stage III colon cancer 165
Scenario #52: 99205 and add-on code 99417—Follow up of stroke 168
